FROM: Patricia Klein, Communication Marketing Manager

SUBJECT: LACASSE ■ NEW 2009 Morpheo Casegoods Program

EVERYTHING AT LACASSE IS NICELY DONE. AND NICELY DONE IS A BEAUTIFUL THING.

Over our 52 years in business, we have acquired an enviable reputation: Everything we do is nicely done. Because it's all about you. How you feel about your office when you get there in the morning. How you feel about the work you do there. Even how you feel when you leave. Our commitment to you starts with our own commitment to quality, attention to detail and design innovation. It includes nice ideas like creating different product lines running from the traditional to the avant-garde, priced to suit every budget. It's earned us honors like ISO 14001 and ISO 9001 certifications for our operations. And that's a nice distinction. All so that we can make things better for you... Nice.

Morpheo, the next step in the evolution of office furniture.

Groupe Lacasse is pleased to present its New Morpheo laminate casegoods program **due to launch April 6, 2009**.

MORPHEO redefines the landscape of traditional office environments with contemporary, adaptable and astonishing ergonomic shapes. MORPHEO has evolved and features a unique floating top construction conferring a high-end look. Sleek rails can be fixed to the surface to accommodate a host of accessories. Our PanGram laminate dividers can be used to offer affordable space management possibilities.

Unique shapes, a lot of dimensions, new products, numerous choices such as top thickness, laminate or translucent modesty panels, translucent inserts for doors, handles and legs are yours to pick. MORPHEO reflects intelligent design with appealing designer details.

Up-to-the minute components, shapes, colors and finishes allow this shape-shifter to suit any office environment or personality.
