

SENCHA

Just as the tea it refers to, the Sencha collection is meant to be soothing and comforting.

Specially designed to meet the current needs of the healthcare market, Sencha offers a complete line of products that distinguish themselves by their superior quality and pleasing aesthetics.

Sencha offers patient chairs and patient rockers. Designed to provide a maximum of comfort, the patient chairs are available in two backrest heights and come with an optional ottoman. Patient and rocker chairs are also offered with fully upholstered armrests.

Stylish Sencha chairs and tables make for a comfortable and airy waiting area.

SOOTHING AND COMFORTING

Convenience, comfort and style... The Sencha sleeper offers it all. With the sleeper's quick and easy fold-down backrest feature, it offers the possibility for a visitor to stay the night. Choose to add drawers with a soft-close mechanism to maximize storage space. Finally, customize the sleeper to the healthcare environment by choosing Corian armcaps and a dual upholstery combination.
