

Why Neocase?

You probably have been asked many times *Why Neocase?* Here are some quick talking points of why Neocase modular casework solutions is the better choice over built-in casework. Neocase casework by Groupe Lacasse is designed specifically for the healthcare environment.

Adaptive	Parametric design and manufacturing means no fixed dimensions. Casework adapts to building architecture and design intent.
Modular	Easily install or reconfigure your casework whenever required. Stop throwing old casework in landfills.
Minimize Facility Disruption	Installation is simple and does not damage existing walls and surfaces. Cabinet hanging system dispenses with wall blocking. Reconfigures with minimal disruption.
Protection Against Moisture And Mold	Our fully sealed cabinetry resists internal contamination. Unique sink/work surface configurations promote hygienic practices.
End Delamination	Permanent edging will not chip or break.
Reduce Wear And Tear	Heavy-duty hinges and suspensions take loads of abuse.
Warranty	A 25-year warranty backs our commitment to our customers.
Cost Savings	Neocase casework depreciate over 7 years. Built-in casework is depreciated over 39 years.
Environmentally Sound Choice	Modular system and use of environmentally sound materials make Neocase eligible for significant credits in the LEED rating system.

Groupe Lacasse has the experience, expertise and capability to deliver incomparable design, exceptional quality, optimum service and outstanding value.
