OLM pricing is not established at the Schedule contract, but at the order level. Since OLMs are identified and acquired at the order level, the ordering contracting officer (OCO) is responsible for making a fair and reasonable price determination for for all OLMs.

**Please Note:** If an agency would like to include any Open Market products on their order with the contract items, the GSA discount can be applied but the item(s) must be clearly marked “OM” or “Open Market”
